

Cantor Guidelines (short)

LITURGY is "the work of the people." Worship prepares us for our "liturgy" at work, home, and with everyone we encounter. Good worship draws on the gifts of all the assembled people, and your gift helps to equip the people to go out and do "liturgy."

Preparation

- Meet with John Elmquist
- Arrive early on Sunday morning to rehearse with the choir and note any special parts of the worship service.
- Use folder for Cantor.
- Wear a robe and scapula with appropriate season color.
- Attach a wireless mic.
- Gather in the narthex (choir room if no procession) with other worship leaders for prayer right before worship.
- Sit in the end chair before worship begins.

During Worship

- Stand at the lectern during all assembly singing (hymns, psalm, liturgy).
- Raise both hands to invite the assembly to rise
- Use one hand to cue the assembly singing.
- After the assembly communes, receive communion with other worship leaders
